

Pin the Horn on the Narwhal!

Cut out the narwhal, tape the body together and hang on the wall. Place sticky tacky on the back of the horn. Cover your child's eyes or have them close them and spin them around (slowly) 3 times. Then give them the horn to try and place on the small X to put it back on the narwhal with their eyes closed!

Naptime for Nn's

All the letters have taken a nap! Turn your page to the right to find the Nn's and wake them up.

Matching Nations

Cut out the flags for all the different Nations. Either print them on thicker cardstock or laminate to make them sturdier. Then flip them over to play a classic game of Memory! Flip over 2 at a time to try and find matching pairs of flags.
